Profile: Motivated IT engineering student in an integrated work-study program with experience building websites for small businesses. Skilled in JavaScript, React, and CSS, with a passion for creating responsive, dynamic user interfaces and optimizing performance. Excellent communication and leadership abilities, with a proven track record of working effectively in teams. Seeking a two-month front-end development internship starting at the end of June 2025 to further develop my skills and contribute to innovative projects.

EDUCATION

2023-2026 CPE Lyon, Department of Network Engineering and Telecoms, in an integrated work and study program, fourth year of higher education
⇨ Majors: AI and Autonomous Robotics
⇨ Options: Information Systems Architecture, DevOps CI/CD, Code Security, Motorized Embedded Systems, Sensors and Probabilistic Robotics, Advanced Algorithms, Transportation Systems and Autonomy, Data
⇨ **Graduation expected in summer 2026 at MSc level**

2021-2023 Two-year university diploma in computer science at University Savoie Mont Blanc
June 2020 Scientific baccalaureate, French high school leaving diploma, passed with honors at Lycée des Glières

WORK EXPERIENCE

From 09/02/2024 Software Developer Intern, **Sopra Steria** – Lyon, FRANCE
To present Primarily migrated an on-premise C# web application to Azure, enhancing scalability and performance.
Also worked on C# and Angular side projects to improve features and meet client needs.

From 09/04/2023 Software Developer Intern, **Apitech** – Lyon, FRANCE
To 06/28/2024 Developed and customized applications using .NET (C#), enhancing functionality and addressing client-specific needs, which led to improved client satisfaction and reduced load times.

From 04/11/2023 Software Developer Intern, **Sopra Steria** – Annecy, FRANCE
To 06/30/2023 Converted a VB6 application to VB.Net and established the architecture for the upgraded system, streamlining the migration process and improving application performance.

SKILLS

Programming Languages:	C#, VB.Net, Java, Python, JavaScript, TypeScript
Web Development:	Next.js, React, HTML5, CSS3, RESTful APIs
Backend Development:	Node.js, .NET
Database Management:	SQL, NoSQL, Database Design, Data Modeling
Version Control:	Git, GitHub
Development Tools:	Visual Studio, VS Code
Testing & Debugging:	Unit Testing, Debugging, Test-Driven Development (TDD)
DevOps:	CI/CD, Docker
Problem-Solving:	Troubleshooting, Code Optimization, Analytical Thinking
Soft Skills:	Team Collaboration, Communication, Time Management, Adaptability
